

## CONGRESSIONAL BUDGET OFFICE COST ESTIMATE

June 27, 2011

### **H.R. 441**

### **Kantishna Hills Renewable Energy Act of 2011**

*As ordered reported by the House Committee on Natural Resources on June 15, 2011*

H.R. 441 would authorize the Secretary of the Interior to issue permits for microhydroelectric projects in the Kantishna Hills area of the Denali National Park and Preserve in Alaska. The bill also would authorize an exchange of land between the Department of the Interior and Doyon Tourism, Inc.

Based on information from the National Park Service, CBO estimates that implementing the bill would have no significant impact on the federal budget. Enacting H.R. 441 would not affect direct spending or revenues; therefore, pay-as-you-go procedures do not apply.

H.R. 441 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would not affect the budgets of state, local, or tribal governments.

The CBO staff contact for this estimate is Martin von Gnechten. The estimate was approved by Theresa Gullo.
